Experience

Full Stack Web Developer **Amber Accident Claims** Birmingham, UK **2023**

- Developed the company's inaugural website using Next.js, Tailwind, React, and TypeScript. This initiative boosted the firm's online presence by 70%, with the website appearing in the top 5 Google search results for relevant keywords. Implemented SEO strategies that resulted in a 40% increase in client inquiries within the first six months of launch.

Freelancing **UpWork, Fiverr** Remote, UK **2021 - Present**

- Leveraged my expertise in JavaScript, React, TypeScript, and Node.js to develop web applications that provide intuitive and responsive user interfaces.
- Designed and implemented robust APIs using Node.js and Express, ensuring seamless communication between front-end and back-end systems.
- Utilized CSS3, Tailwind, Bootstrap, and Sass to create visually appealing and user-friendly interfaces, enhancing the overall user experience.
- Managed databases, including MySQL and MongoDB, to efficiently store and retrieve data, optimizing application performance.
- Multilingual capabilities allowed me to work with clients in English, Kurdish, Turkish, and Arabic, facilitating effective communication and understanding of their needs.

AI Content Writer **Tech Mahindra (For Google Bard)** Remote, UK 09/05/2023 - 01/08/2023

- *Monitored English-Turkish AI generated responses on Google Bard's translation development phase.*
- *Curated AI responses by aligning with social, security, and fact-based guidelines.*
- *Held the position of the top editor in Google Workspace for a continuous month, demonstrating exceptional editing skills and consistently producing high-quality work.*

Education

Master's in IT Systems and Management **Yesevi University** Ankara, Turkey 01/09/2023 - Present

Bachelor of Law **Gazi University** Ankara, Turkey 01/09/2014 - 01/02/2019

- Major in Law
